SCHOOL LIBRARY PERSONNEL IN MONTANA PUBLIC SCHOOLS AS OF OCTOBER 1, 1966

Introduction:

Pages 36-40 of this booklet is a list of Montana public school librarians for the 1966-67 school term and pages 41-44 is a list of teachers, principals, superintendents and other professional personnel in Montana public schools who serve as librarians. This information was reported by school district officials on the fall report to the State Superintendent of Public Instruction for accreditation and other purposes (Professional Personnel Data Forms 25/26/27CD and 25/26/27/E).

A full-time employee is one who occupies a position the duties of which require him to be on the job on school days throughout the school year at least the number of hours that the school is in session. A part-time employee occupies a position the duties of which require less than full time service. Part-time employees are indicated by an asterisk (*).

Professional personnel are classified according to the duties which occupy one-half or more of the employed time. When the employed time is exactly one-half in one duty and one-half in another duty the professional personnel is classified accordingly with the duties which demand a higher salary. Thus, personnel listed in Section I are librarians and the personnel listed in Section II are teachers, principals, superintendents and other professional people.
